Serving Size: 1 capsule
Servings Per Container: 30

Amount Per Serving	% DV
Whole Food Derived Fruit and Vegetable Nutrient Extract Blend	225 mg **
Spinach, Broccoli, Carrot, Tomato, Beet, Shitake Mushroom, Apple, Cranberry, Cherry, Orange, Blueberry, Strawberry	
Nature's Energy & Clarity Blend	310 mg **
Guarana Seed Extract, Bacopa Monnieri 45%, L-Theanine, Caffeine, Green Coffee Bean Extract, Yohimbine hcl (5 mg), Thiamine hcl, Niacinamide, D-Calcium Pantothenate, Riboflavin, B12 Methylcobalamine	
Adaptogen Super Blend	150 mg **
Reishi Mushroom Extract, Chaga Extract, Rhodiola Rosea Extract, Cordyceps Extract	
Bioavailability Booster Blend	25 mg **
Trace Mineral Blend, Black pepper extract	
Vitamin A 50%	Vitamin B3 150%
Vitamin C 50%	Vitamin B5 100%
Vitamin D 50%	Vitamin B6 150%
Vitamin E 50%	Vitamin B12 2,000%
Vitamin K1 50%	Vitamin B7 50%
Vitamin B1 150%	Vitamin B9 50%
Vitamin B2 150%	

**Daily Value (DV) not established.

Other ingredients: Pharmaceutical-grade gelatin, FD and C natural dyes and flavor, 100% Kosher and Halal certified and inspected.

100% ALL NATURAL INGREDIENTS

Adaptogen Super Blend:

At the core of ELEV8 is a powerful adaptogenic formula that blends ancient Tibetan, Russian, and Chinese herbs together in a way that can help fortify your immune system as well as your body's natural ability to resist the damaging effects of stress and improve oxygen utilization.

Rhodiola Rosea

Siberians commonly state that people who drink Rhodiola tea live to be more than 100. Rhodiola Rosea acts like a hormone thermostat, especially as it pertains to cortisol, one of our main stress hormones. It literally helps balance the cortisol level in your body, raising or lowering it as needed. What's more, it has demonstrated a remarkable ability to support cellular energy metabolism. It positively affects brain function, depression, and heart health.

Ganoderma (also known as Gano or Reishi)

Gano is referred to as the "Wonder Herb". It is truly a super herb as it rapidly oxygenates your body and automatically adjusts your pH to a healthy balance at the cellular level. Gano is backed with evidenced-based documented research showing it reduces cholesterol levels and eases allergy-related inflammation of the airway.

Cordyceps

This rare and exotic medicinal mushroom is found only on the high Himalayan Plateau. For two thousand years, it has been ingested by Tibetan mountain herdsman to combat fatigue, boost vigor, and sustain energy in the extremely high altitude. The active ingredients in Cordyceps are adenosine and cordycepic acid, and together with an abundance of phytonutrients, Cordyceps has been shown in studies to increase oxygen utilization, aerobic capacity, and cellular energy.

Chaga

Known as the King of the Medicinal Mushrooms, the Siberian Chaga Mushroom contains over 215 phytonutrients and glyconutrients including Betulinic Acid, Polysaccharides, Beta Glucans, Triterpenes, and Melanin. Chaga helps boost the immune system when necessary, but also helps slow it down when it's overactive. The bio-active fungal polysaccharides and beta glucans in Chaga have been shown to stimulate the production of killer T and B cells directly.

Whole Food Nutrient Blend:

Our Whole Food Nutrition Blend is made from real fruits and vegetables with known health-supporting, nutrition-rich properties:

Spinach, broccoli, carrot, tomato, beet, shiitake mushroom, apple, cranberry, cherry, orange, blueberry and strawberry.

These whole food concentrates provide the proper balance for your body. ELEV8 is packed with natural organic compounds that are essential for proper health but are often missing from our diets.

Natural Energy & Clarity Blend:

Naturally increase energy levels, destroy fatigue, enhance focus and clarity, and boost your performance...all without the uncomfortable jitters, headaches, and other negative cognitive, emotional, and physical side effects you get from energy drinks. As the fog clears from your brain and the natural calm energy flows through your system, your body and mind will feel rejuvenated and revitalized.

L-Theanine

A relaxing but not sedating amino acid (found in green tea) that is synergistic with stimulants such as caffeine because it can help "take the edge off".

Green Coffee Bean Extract

A good source of chlorogenic acids. Chlorogenic acids are cholegogues. Their regular ingestion helps the flow of bile and thus reduces the adverse effects of bile stagnation.

Guarana

Repeatedly shown through clinical studies to improve memory and alertness as well as mood.

Bacopa Monnieri

For centuries Ayurvedic medicine has touted the cognitive enhancing effects of Bacopa Monnieri. Studies show that it has strong antioxidant properties and that it protects mental function in those with epilepsy who take the drug phenytoin. It is also used by people to help with backache, joint pain, and sexual performance problems.

The statements above have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent disease.
